

SEXUAL MISCONDUCT (SEXUAL ASSAULT & SEXUAL HARASSMENT) RESPONSE PROCEDURE ('SASH Procedure')

Pertains To:	Residents, Staff, Guests – Burgmann College
Supported By:	Deputy Principal, College Dean – Burgmann College Staff – Burgmann College Pastoral Care Team – Burgmann College
Related Policy:	Burgmann College Sexual Violence Policy

This procedure is to read in conjunction with the SEXUAL MISCONDUCT (SEXUAL ASSAULT & SEXUAL HARASSMENT) RESPONSE POLICY. The policy outlines the College's stance and general approach to matters of sexual misconduct. This document outlines the procedure for reporting and responding to an incident of sexual harassment or sexual assault at Burgmann College.

Burgmann College has a zero tolerance approach to all behaviours on the spectrum of sexual violence. We have a whole of community responsibility to promote a respectful culture, call out inappropriate behavior, and respond to instances in a timely and sensitive manner. Burgmann College seeks to empower the complainant wherever possible.

1 Principles

- 1.1 When the College becomes aware of a disclosure or formal report that a resident has been sexually assaulted or harassed, it will provide support the physical and mental safety of the resident making the report.
- 1.2 The College will assess the possibility of any further threats against the complainant or others. If harm is imminent, then the College must act immediately to protect the Residents.
- 1.3 The College will be active in providing support to the resident, facilitating access to relevant services and assisting the complainant where possible including offering support when visiting these services.
- 1.4 The College respects the rights of all complainants to be in control of the decisions affecting them, especially their right to decide whether to seek medical, counselling, police or legal support. This is fundamental to this policy, as the College seeks to empower the complainant.
- 1.5 When dealing with an incident of sexual violence where both parties are residents at the College, an additional staff member will be involved, while dealing with the incident to support the second resident.

2 Procedures - Residents

- 2.1 Any resident who has been, or feels that they may have been subjected to any form of sexual violence is encouraged to report this to the Principal, Deputy Principal, College Dean or a member of the Pastoral Care Team.

- 2.2 Any resident who feels that they are likely to be accused of any form of sexual violence is encouraged to raise the issue and seek support from the Principal, Deputy Principal, College Dean or a member of the Pastoral Care Team. If there is a conflict of interest, the staff member or member of the Pastoral Care Team will refer the resident to an alternative appropriate support person.
- 2.3 Residents may also use an informal procedure if they would prefer to do so and feel that community safety is not of concern. This process may involve direct communication to the other person. Inform them that you feel their actions are in breach of college policy and direct them to the relevant policy if necessary. Residents are encouraged to seek support from a member of the College's trained Pastoral Care Team or external sources (please see **Attachment A**). If a resident does not wish to pursue this option, or if that approach fails, they are encouraged to report the incident.
- 2.4 Residents are also able to use the ANU policies and procedures if they consider that they are experiencing sexual harassment or are the complainant of a sexual assault by another ANU student. In this case:
- i) They are encouraged to speak to the ANU Dean of Students, who is able to assist ANU-enrolled residents in matters pertaining to complaints under ANU policies.
 - ii) The outcome will be an ANU decision which does not affect Burgmann College, except in the case of an ANU student, who is also a resident, being excluded from the University, in which case they will also be excluded from the College.
 - iii) Regardless of the outcome of the ANU process, the College can provide support to the residents involved.
- 2.5 A resident can decide to not report an incident to the College and instead directly lodge a complaint with the Australian Federal Police. If they do so, and the complaint is about another Burgmann College resident, in the interests of community safety, the complainant must advise the Principal. If the alleged perpetrator does not live at Burgmann College, then the complainant is encouraged to seek support through Burgmann, however, notifying the College that they have lodged a complaint with the Police is at their discretion.
- 2.5.1 A resident who seeks and obtains a Protection Order (DVO or PPO) against a fellow resident at the College must provide the College with a copy of the Protection Order so that the College is in a position to assist in fulfilling the requirements of the Protection Order.
 - 2.5.2 Any resident who is struggling to cope (physically, mentally and emotionally) after being the survivor of sexual harassment or sexual assault or is an accused person, should seek professional support services or ask the College for assistance to access these professional support services. Internal and external support services are detailed in Attachment A.

- 2.5.3 If any other resident (other than a Pastoral Care Team member) receives a disclosure of sexual violence from another resident, they should seek advice from the College Dean, Deputy Principal or Principal. It is important that they remember that it is not their role to help resolve the issue, they need to encourage the complainant to discuss the matter with the College, so that the College is able to support the complainant, provide appropriate referrals and support any other resident involved

3 Disclosures

3.1 Disclosures of sexual violence can be categorised in four (4) ways:

- 3.1.1 Information only for College records – these reports are usually about unidentified complainants and unidentified accused persons.
- 3.1.2 Information seeking support for an identified complainant, where the accused person may or may not be identified.
- 3.1.3 Information seeking action after identifying the complainant and accused.
- 3.1.4 Information seeking action after identifying the accused, where the complainant may or may not be identified.

3.2 Reports of a disclosure may be de-identified in the first instance, if the person receiving the disclosure is not provided with the names of those involved or the complainant wishes to remain anonymous. However, those involved must be aware that a de-identified report limits the formal procedures available to the college under this procedure.

3.3 Reports by third parties ('notifiers')

3.3.1 Notifiers can be witnesses, bystanders, support persons who have received a disclosure, or a parent, friend or health care provider.

3.3.1.1 These could be disclosures of possible sexual violence.

3.3.2 These disclosures should be assessed in the light of the:

3.3.2.1 Intent of the third party when they make the disclosure and

3.3.2.2 Information the 'notifier' is able to provide to support the claim and known information about the accused.

3.3.3 The notifier needs to be advised that:

3.3.3.1 The College cannot commence a disciplinary process with cases where one or both parties involved are anonymous. However, the College can provide support to the known parties.

3.3.3.2 The College can only formally deal with the incident, under this policy, if the notifier makes a formal report and is willing to discuss it with the College Dean, Deputy Principal or Principal.

3.3.3.3 The level of action taken by the College is limited unless the complainant also makes a report.

3.3.4 Notifiers are encouraged to take 'safe action'. Options include:

3.3.4.1 Provide reasonable support to the complainant with the incident.

3.3.4.2 Notifiers should be asked to encourage the complainant to refer the incident to the College Dean, Deputy Principal, Principal, the ANU, the ANU Counselling Centre, the Police or other community services.

4 The Process to be Followed by the Residential Staff Team when Managing a Disclosure or Formal Report of Sexual Assault or Harassment Incident from a Resident

Step 1 – Support the individual making the Disclosure or Formal Report

The Residential Staff or Pastoral Care Team member will:

- Remain calm and listen,
- If needed move to a private and safe area to give the resident privacy and security.
- Allow the resident to share the disclosure or formal report.
- Refrain from inferring any judgement by verbal or non-verbal communication.
- Clarify their understanding of the incident if necessary, reflecting back to the individual their understanding of the information they are sharing.

Step 2: Establish the Resident's Immediate Safety

- a. Ask the complainant how you can assist with their immediate safety.
- b. Consider any immediate risks.
- c. Assess whether any immediate medical attention is required and act on that assessment.

Step 3: Provide Initial Options

Provide the individual with information about immediate options which may include:

- Visiting the hospital immediately for a medical assessment
- Making a report to the Police
- Calling upon a support person
- Calling on a member of the Residential Staff Team for support
- Seeking counselling or support from an appropriate external organization such as the Canberra Rape Crisis Centre
- Seeking legal advice

Step 4: Provide Follow-up Options

- a. Remember that a person who makes a disclosure may not want to make a formal report and may just be seeking information about resources and support. It is important to allow the complainant the time and space to decide what steps they would like to take.
- b. Identify if this is a Disclosure or Formal Report. The complainant may request:
 - i. No follow up to be commenced at this stage and express a desire to leave it as a disclosure to College for noting and support
 - This decision needs to be confirmed in writing.
 - This option is only available at the discretion of the Principal, in the event that community safety may be of concern.
 - The complainant may notify the College that they have changed their mind at a later date.
 - The complainant also has the option, at a later date, to take the incident to ANU or the Police.
 - ii. That the College take an unofficial approach to the incident and only counsel the people involved
 - This decision needs to be confirmed in writing.
 - This option is only available at the discretion of the Principal, in the event that community safety may be of concern.
 - The complainant may notify the College that they have changed their mind at a later date.
 - The complainant also has the option, at a later date, to take the incident to ANU or the Police.
 - iii. That the College proceeds with its disciplinary processes, or
 - The College cannot begin this step if the ANU or the Police have been contacted and are likely to investigate the incident.
 - The College will stop its processes, if a process is commenced with the ANU or the Police.
 - These decisions (i) or (ii) are made to support the ANU and the Police and not interfere with their processes.
 - iv. That the disclosure is passed on to another service.
 - This includes:
 - taking the disclosure to the ANU,
 - taking the disclosure to the Police
 - Something else that is arranged between the College Dean, Deputy Principal or Principal and the resident that seems appropriate to the situation.
 - If requested the College will support the complainant in making their disclosure to the other agency.
 - The College will not begin any disciplinary processes against the alleged perpetrator.
 - The College will offer support to the complainant.

- The College will record that it received a disclosure and the complainant's request.
- After the other agency completes their process and reports their finding, the College will assess the ongoing wellbeing of the people involved and seek to determine if any further action is warranted.

The College Dean, Deputy Principal or Principal should help empower the complainant to make this decision and ensure a fair response, by sharing the expectations of what may come from the possible decisions.

- c. Once the complainant has made a decision on the follow-up options, the Principal will do an immediate risk assessment.
 - i. If the resident and the College community are not at immediate risk, the College will support the resident's decision of their desired option.
 - ii. If the College assesses that there is a risk, it will put in place any strategy needed to ensure the safety of the complainant, accused or any other residents in the College.
 - If the Principal is of the opinion that the continued presence of the resident alleged to have perpetrated the sexual violence represents an imminent threat to the mental or physical safety of any other resident of the College, the Principal may require that person to leave college immediately and before the completion of the College's complaints process.
- d. It may be appropriate to suggest applicable interim safety measures. These measures may include:
 - i. The immediate suspension of the alleged perpetrator if there is a significant concern about the safety of the complainant, witnesses or other residents, or
 - ii. Provide one or both parties with alternative accommodation, prioritising the needs of the victim.
 - iii. Relocating those involved to different areas of the College where possible, or
 - iv. Placing limitations on the opportunities for contact between the parties involved (eg. Not sitting at the same table in the Dining Room, going to the Dining Room at different times, restrictions of participating in sport or other College activities)

Step 5: Provide Information and Access to Possible Areas of Support

- a. The College will be active in its support of the resident by providing the support and information that they may need, including facilitating access to relevant services and offering support when visiting these services.
- b. **Appendix A** details supports available to residents at various stages. They are possible support services that might be used to support a resident who is a complainant of Sexual Violence. These should be suggested but not forced onto a resident – it is their decision.
- c. Communicate the importance of medical attention to the resident and discuss if assistance is needed at this time. Medical attention for sexual assault complainants is vital for detecting and treating a range of medical concerns, including sexually transmitted infections, pregnancy, and both apparent and internal injuries.

- d. Communicate the importance of counselling to the Resident and discuss if assistance is needed at this time. A counsellor can also accompany the Resident to College meetings, such as when they are making the report to the College
 - i. The College Dean, Deputy Principal or Principal are able to refer residents who have experienced trauma from their experience to our Employee Assistance Provider for support. Residents can access continuity of care at an affordable rate from this service by obtaining a Mental Health Care Plan through their GP.

The Process to be Followed by the Principal Managing a Formal Report of Sexual Assault or Harassment Incident from a Resident

Step 6: The College Disciplinary Process (if required)

- a. If the complainant makes a formal report the College will begin the Disciplinary Process carried out according to the Burgmann College Appeals and Grievance Policy. Both parties need to be aware that:
 - i. This process is not a detailed investigation – that is for the Police to do.
 - ii. It is not the intent of the process to find anyone guilty or innocent.
 - iii. In any of its disciplinary processes the College does not make a determination about the ultimate facts of the issue. It makes a reasonable decision based on the information it has at hand.
 - iv. The College has obligations to both parties; the complainant and the person complained about.
 - v. The College will take all steps to ensure that the outcome is satisfactory to both parties. However, they recognise that this may not always be possible.
- b. During the disciplinary process, the College shall use:
 - i. One designated staff member to work with and support the complainant and their supporters.
 - ii. One designated staff member to work with and support the person complained about and their supporters.
 - iii. The disciplinary process is managed by the Principal.
- c. To ensure fairness to all parties the aim of the process is to:
 - i. Clarify any information that can be provided, including but not limited to, any information from any witnesses that are known and from any College CCTV footage.
 - ii. Provide an opportunity for the complainant and the person complained about to give their version of events.
 - iii. Ensure both parties are treated fairly.
 - iv. Determine an outcome.
- d. When deciding on the outcome of the disciplinary process and any follow-up actions, the Principal will decide:
 - i. If there has been a breach of the College's policies.
 - ii. On the appropriate College response.

- e. The outcome and follow-up actions could include:

Sanctions

- i. Suspension or exclusion, and / or
- ii. Movement of one or more residents to another form of accommodation, and / or
- iii. A formal warning, and / or
- iv. Any other penalties outlined in the Burgmann College Appeals and Grievance Policy.
- v. No penalty.

Support

- i. Counselling, and / or
- ii. Establishment of a follow-up plan, including ongoing support to those involved in the incident,
- iii. Debriefing for those involved in dealing with the critical incident; this can be provided by College staff or a counselling service.

- f. As the College assessment process is not a detailed Police investigation, it is possible that the outcome would be a decision that there is 'not enough information to justify taking any action'. If this occurs the College will seek to find a resolution between the two parties.

Step 7: Notifications

- a. At the end of the Disciplinary Process, the finding of the complaint will be notified in confidence to **both** the complainant and the alleged perpetrator.
- b. The Principal is required to provide a written report to the DVC(A) and ANU Registrar of Student Life of any critical incident or serious matter that may lead to suspension or expulsion. This includes when the College receives a formal report of sexual violence and the report details the proposed action.
- c. For statistical reasons and ANU reporting requirements the College provides the DVC(A) with de-identified reports on all disclosures.
- d. When making either report (a) or (b)
 - i. The Principal will report the incident with no contact or personal identification details – thus ensuring privacy to those involved.
 - ii. The report will be used by ANU for statistical purposes and will only contain the nature of the incident and the location and date of occurrence.
- e. At the end of the formal report process the Principal is required to provide the DVC(A) with a summary of the incident and the College's response to the incident.
- f. The ANU may approach the Board to request the identity of a resident be provided in certain circumstances.

Step 8: The Appeal Process

- a. After the decisions of the disciplinary process are finalised the complainant and the person complained about may appeal the decisions of the Principal.

- b. Appeal processes are set out in the *Burgmann College Appeals and Grievance Policy* and can only be made on the following grounds:
 - i. That the Principal did not follow the stated policy or procedures;
 - ii. That the Principal did not take into account certain 'evidence' or circumstances in reaching a decision;
 - iii. The inconsistency of the sanction with the nature of the breach
- c. This appeal must be lodged with the Principal within 7 days of the Principal's written response detailing the original decision.
- d. The appeal must be in writing and must specify the grounds of the appeal and provide an explanation that supports their claim.
- e. Where a resident is appealing a decision to exclude them from the College, the appeal procedure is set out in the *College Orders* which are available on the College website.
- f. Appeal panels reviewing decisions made by the Principal of allegations of sexual violence will not reassess the incident but will consider the grounds of the appeal and the explanation provided in the appeal. A copy of the *Guidelines for appeal panels when considering appeals of decisions relating to sexual violence* is found in Attachment B of this procedure and should be followed.

Step 9: The Rights of the Residents

- a. Regardless of the College outcome:
 - i. Residents are ANU students and are entitled to take the incident to the ANU to be addressed under their policies and procedures. This option is available while the parties involved are still students at ANU.
 - ii. As sexual harassment and sexual assault are criminal acts, the complainant is entitled to take the incident to the Police at any time.

Step 10: Finalising the College Processes

- a. The College staff are required to document the process followed.
- b. At the end of the process the College shall collate and safely store all reports related to the incident.

5 Responsibilities – Members of the Pastoral Care Team

5.1 Sexual Harassment and Sexual Assault are criminal offences. The Pastoral Care team members will act immediately on reports of possible criminal offences and follow the procedures outlined in this policy.

5.2 The Pastoral Care Team has a responsibility to:

- Support the wellbeing of residents.
- Contribute to a college culture that opposes sexual violence, and proactively promote respectful relationships.
- Make clear to residents that no form of sexual violence is tolerated in the College.
- Intervene as active bystander if they see behaviour which breaches the Sexual Violence Policy, or which may encourage or promote such behaviour.

- 5.3 The Pastoral Care Team must complete all training relevant to their position provided by the ANU and the College. This includes training on responding to critical incidents, serious matters and disclosures of sexual violence; the appropriate use of emergency services; and relevant reporting protocols.
- 5.3.1 However, the Pastoral Care Team are not trained to resolve incidents of sexual violence, beyond acting as a first responder, receiving disclosures, and providing limited support and advice to those involved.
- 5.4 If any member of the Pastoral Care Team has any concerns about, or receives a disclosure relating to sexual violence, they are to report this to the College Dean, Deputy Principal or Principal as soon as possible.
- 5.4.1 This report may be de-identified in the first instance, if the Pastoral Care Team member is not provided with the names of those involved or the complainant wishes to remain anonymous. However, those involved must be aware that a de-identified report limits the formal procedures available to the college under this procedure.
- 5.4.2 Members of the Pastoral Care Team should never agree to keep a disclosure secret from the College.
- 5.5 Where a Pastoral Care Team member is aware of an immediate threat to the life of a person, they are to report the incident to emergency services before following any other steps outlined in this policy.
- 5.5.1 Where possible, the individual who is the subject of a threat or injury should directly contact the Police, as third-party reports are not given the same priority.
- 5.5.2 The RA on Duty and ANU Security should be advised after Emergency Services have been contacted.
- 5.5.3 The on-call residential staff team member (College Dean, Deputy Principal or Principal) should be immediately notified if ANU Security or Emergency Services enter the College.
- 5.6 When receiving a disclosure of sexual violence, members of the Pastoral Care Team should listen carefully to the details being reported and make notes immediately after the discussion. Notes should be factual and include:
- The nature of the incident/complaint,
 - The full names of people involved,
 - The dates and times, and
 - All actions taken, including who the incident was reported to.
- These notes are then to be stored with confidential records maintained by the College Dean, Deputy Principal or Principal concerning the incident.
- 5.7 Members of the Pastoral Care Team must seek support after responding to all serious matters, including disclosures. They are encouraged to discuss support options with the College Dean, Deputy Principal or Principal, and if needed, they should seek to debrief after the event with appropriate College staff or a counsellor.
- 5.8 The safety of each member of the Pastoral Care Team is a primary concern of the College. All members of the Pastoral Care Team are expected to consider their own safety in any actions they take around critical incidents and serious matters.

5.9 The Pastoral Care Team must refrain from discussing concerns relating to incidents of sexual assault or harassment with other residents or other RAs, unless essential to assist in resolving a particular situation and with the approval of the College Dean, Deputy Principal or Principal.

5.9.1 Discussions between staff (College Dean, Deputy Principal or Principal) and any member of the Pastoral Care Team do not represent a breach of privacy legislation where the purpose is to promote the wellbeing and safety of the community or individuals in the College.

5.10 After reporting the critical incident or serious matter, the Pastoral Care Team member's role is over, except in providing minimal support to the residents involved, or as directed by the College Dean, Deputy Principal or Principal. Under no circumstances should members of the Pastoral Care Team assume ongoing responsibility to resolve grievances about critical incidents or serious matters.

6 Responsibilities – College Staff

6.1 Sexual Harassment and Sexual Assault are criminal offences. The College staff will act immediately on reports of possible criminal offences and follow the procedures outlined in this policy.

6.2 The Principal, Deputy Principal, College Dean, Manager of Residential Services and Business Manager have a responsibility to:

6.2.1 Monitor the work, living and learning environment at College to ensure that acceptable standards of conduct are observed at all times.

6.2.2 Treat all formal reports or disclosures, that they receive seriously and confidentially and take immediate action to refer the staff member or residents to the relevant information and services indicated in the policy and procedures.

6.2.3 Support the complainant in making their next decision.

6.3 All College staff have a responsibility to:

6.3.1 Comply with this policy.

6.3.2 Offer support to anyone who makes a disclosure directly to them and let them know where they can get help and advice;

6.3.3 Report to the Principal information on disclosures of sexual violence. This report may be de-identified in the first instance.

6.3.4 Comply with the following steps if they are approached by a resident and receive a disclosure:

- Provide support to the complainant;
- Encourage the complainant to speak to the College Dean, Deputy Principal or Principal and if needed, accompany the complainant as they either make a disclosure or formal report to the College Dean, Deputy Principal or Principal.
- Hand the incident over to a residential staff member to manage the disclosure or formal report.
- At a later time, the Principal may ask a staff member to assist in the process; if it is needed.

6.4 The Deputy Principal and College Dean have the responsibility to:

- 6.4.1 Notify the Principal of the incident and proposed actions.
- 6.4.2 Comply with this policy.
- 6.4.3 Handle all disclosures and formal reports with compassion, confidentially, promptly and fairly.
- 6.4.4 Handle a disclosure by providing support and advice to the resident on where to get additional support.
- 6.4.5 Handle a formal report by doing the following:
 - Provide a supportive environment, so the complainant feels safe throughout the reporting process.
 - Form a view of the formal report and determine:
 - Is the complainant at an immediate risk?
 - Is the residential community at an immediate risk? and if needed put interim safety measures in place.
 - The College Dean and/or Deputy Principal along with the complainant need to understand the process that the complainant would like the College to take. This may involve:
 - Take formal action – this does not stop the resident from asking the College to stop the action at any time.
 - Take no formal action
 - Set up a pastoral care plan for the residents involved:
 - Support the complainant if they wish to make a report to the police.
 - Support the affected residents in gaining additional help e.g. medical and counselling support and support around impacts on their studies.
 - Seek additional support and/or advice from the College's Employee Assistance Program or other professional services, when needed or wanted.
 - Commence a disciplinary process, if that is requested or required.
 - Keep the complainant updated on the College processes at different stages where possible and if they choose to receive it.
 - Debrief the team member(s) who received the disclosure and provide ongoing support where needed.

6.5 The Principal is responsible for:

- Ensuring that all members of the Pastoral Care Team and staff are aware of the appropriate policy and procedures for managing and reporting critical incidents and serious matters, including disclosures.
- Monitoring the process that is being carried out by the College Dean or Deputy Principal, after receiving a formal report and assist where needed.
- Informing the Deputy Vice Chancellor (Academic) (DVC-A) in writing, of a formal report, the proposed action and then later report the outcome of the College's processes. NB. These reports do not include the names of the parties involved.
- Facilitating any appeals processes which result from an outcome of this procedure.

BURGMANN COLLEGE

Affiliated with The Australian National University

Creation date: 25 January 2019

Implemented: January 2019

Review date: March 2020

Responsible to: Principal

Monitored by: Principal

- Managing any enquiries made by the media, in cases where the incident has come to the attention of the media.

NB. The ANU Communication and External Liaison Director, not the Principal, should speak to the media if the incident has ANU implications.

6.6 If the complainant asks for the Police or ANU to be involved and to investigate the incident:

- The College will assist, as requested, all Police and University investigations into allegations of sexual violence.
- The College will continue to support the College residents involved; but will not commence or continue with any assessment or disciplinary process until the Police or ANU investigation is completed.

6.7 All College Staff are responsible for the reporting of Critical Incidents and Serious Matters, including disclosures and formal reports, to the Principal.

- All critical incidents and serious matters require a formal record. The record is to be supplemented by the notes of the relevant member of the Pastoral Care Team, if they have been involved, or completed by the member of the Pastoral Care Team in conjunction with the responding staff member.
- The formal record will be kept in a resident's confidential file maintained by the Principal.
- The formal record should include information on:
 - The nature of the serious incident/complaint,
 - The full names of people involved,
 - The date with relevant times, and
 - All actions taken, including who the incident was reported to.

Review: This document will be reviewed after 12 months of operation.

Attachment A: SUMMARY OF SUPPORT

INTERNAL SUPPORT	
Pastoral Care Team	Two Residential Advisors' on each floor, equipped with relevant training and resources.
College Staff	Principal, Deputy Principal and College Dean
EXTERNAL SUPPORT: IMMEDIATE	
Emergency Services 000	Fire, Police, Ambulance (where there is immediate risk to life and safety of residents).
ANU Security 61252249 Or X 52249	<ul style="list-style-type: none"> For assistance during emergencies. For assistance with situations where safety may become an issue. For out of hours contact details for Registrar; Director University Accommodation; Head of Counselling; Student 21 access; Director Marketing and Communication etc.

ATTACHMENT B: Guidelines for Appeal Panels when considering appeals of decisions relating to alleged sexual violence

Appeal panel members are expected to be aware of and adhere to these guidelines.

Support can be arranged by contacting the Principal or Deputy Principal:

- Access to College EAP for individual panel members and note taker/s; support persons accompanying the appellant or other interviewees; the appellant and other interviewees

Selection of panel members

- Consideration should be given to gender representation of panel members
- Panel members should be informed of the nature of the allegation when approached to participate and are welcome to decline if they are not comfortable to assist with the subject matter
- Conflicts of interest must be declared and ideally avoided entirely

Compulsory pre-reading for panel members

- *Sexual Assault Does Happen* booklet and links to Canberra Rape Crisis Centre information pages
- *ANU Staff Protocol for Responding to Disclosures of Sexual Violence*
- Consent information
- *Burgmann College Sexual Violence Policy and Burgmann College Sexual Harassment and Sexual Assault Response Procedure*

Venue for review panel meetings

- Meetings should be conducted in neutral comfortable settings with no legal overtones.
- Where a resident is uncomfortable with the venue, they are encouraged to speak with the Chair of the panel to arrange an alternate venue where possible

Note taker at meetings

- An impartial note taker should be present

Meeting Guidelines for panel members

- Conduct a pre-meeting where panel members meet one another and come to a shared understanding of the required procedure and scope. This is not to discuss the incident itself, rather an opportunity to ensure the panel is prepared and has understood the process and requirements.
- Timing of meetings with residents affected should be spaced appropriately to ensure absolutely no overlap or incidental contact could occur between the relevant parties.
- Panel members should avoid legalistic style questioning, probing questions, or questions not relevant to the grounds of review
- Panel members should be informed by pre-reading material with the aim of providing a safe environment and process for participants in all meetings. At the start of any meeting, Panel Members should introduce themselves and outline the amount of time available for the meeting. They should also remind participants they may take a break or terminate the meeting at any time, that they are not required to answer any questions, and that support persons present may not speak on behalf of the resident they are supporting.
